Re: Sites Connected with Steve Martell

Dear Mr. De Vuono:

Due to Sun Chemical Corporation's recent divestiture of facilities located in the northeastern part of Illinois, a response to EPA's October 17, 1986 CERCLA 104 request has been delayed. However, Sun has received responses from all field personnel and expects to submit a response by January 16, 1987.

Please let me know if you have any questions concerning this situation. We appreciate any accommodation EPA might offer us.

Sincerely yours,

*Jeffrey H. Teitel*
